

COOKIE POLICY

Wonderslide website uses cookies to distinguish you from other users of our website, provide certain user functionality of our website and also allow us to improve our site. A cookie is a small file written by a website and stored locally within the web browser or file system on your computer or mobile device. We use the following types of cookies:

Strictly necessary cookies

These are required for the operation of our website. They include, for example, cookies that enable you to log into secure areas of our website.

Functionality cookies

These are used to recognize you when you return to our website. This enables us to personalize our content for you, greet you by name, remember your preferences (for example, your choice of language or country), and to allow you to have an interactive chat with a support representative.

Analytical/performance/testing cookies

These allow us to recognize and count the number of visitors and to see how visitors move around our website when they are using it. This helps us to improve the way our website works, for example, by ensuring users are finding what they are looking for easily. These allow us to provide you with a consistent experience as we test different versions of features and functionality.

You may block cookies by activating the setting on your browser that allows you to refuse the setting of all or some cookies. However, if you use your browser settings to block all cookies (including essential cookies) you may not be able to access all or parts of our site. More on www.aboutcookies.org.
